

Nour Al-Din Ali

Candidate 5 — Parsing Issue: Dense / Multi-column Layout

Latakia, Syria | nour.ali@example.com | +963 9XX XXX XXX | linkedin.com/in/nourali

Professional Summary

AI Engineer | 4 years | Python + PyTorch | NLP/LLM | Backend | PostgreSQL | Docker

Technical Skills

PYTHON • PYTORCH • TENSORFLOW • HUGGING FACE • NLP • LLM • RAG • EMBEDDINGS • FASTAPI •
POSTGRESQL • DOCKER • AWS • GIT • MLFLOW

Education

M.Sc. Artificial Intelligence, Tishreen University, 2022 | B.Sc. Software Engineering, Tishreen University, 2020

Professional Experience

2022–Present | AI Engineer | Orion Labs

RAG pipelines; LLM evaluation; semantic search; FastAPI; PostgreSQL; Docker; AWS; model monitoring.

2020–2022 | Software Engineer | ByteWorks

Python services; REST APIs; SQL; data pipelines; ML prototypes.

Additional Information / Notes

Parsing test note: intentionally compressed resume with pipe-separated sections, bullet-like skill strings, mixed date formats, and dense one-line summary. Content itself is a strong match.
